

MRx Select Savings

As your pharmacy benefit manager, Magellan Rx Management wants to help you and your family get affordable access to specialty medications.

Your benefit plan now includes the MRx Select Savings program for members taking specialty medications. This program can lower your healthcare costs and costs incurred by your plan by finding alternative funding sources for select high-cost specialty drugs. We have partnered with Paydhealth to help secure these funds.

Here are a few things you need to know:

Enrollment in the program can greatly reduce your specialty drug out-of-pocket cost—in many cases to no cost at all.

We will help you enroll in the program to receive these benefits. Your specialty medication will not be covered if you do not enroll in this program.

Costs paid by alternative funding sources will not count toward your deductible or out-of-pocket maximum amounts.

If you are prescribed a qualified specialty drug, you must engage with Paydhealth before the pharmacy can fill your prescription:

A Paydhealth program case coordinator will contact you.

Your case coordinator will tell you what you need to know about the program and will walk you through the enrollment process and requirements. They will also answer any questions you may have.

Please be ready to provide personal and financial details, as many of the programs available through alternative funding sources are based on need.

If you have any questions regarding this program, please call Paydhealth's Specialty Contact Center at 877.869.7772 (8:00 a.m. – 8:00 p.m. CST).
